Robert Scott®

Serious cleaning know-how

Koala Kare horizontal baby changer

Antimicrobial and certified baby changer for washrooms and changing areas.

Exclusive from Robert Scott, this sturdy, horizontal oval baby changer is constructed from high-density polyethylene with a Microban® antimicrobial changing surface which reduces odour-causing bacteria.

The reinforced full-length steel pivot rod is secured in a metal tube hinge mechanism which offers sustained resistance to wear, whilst the gas spring hinge ensures smooth opening and closing.

The baby changer is BS EN 12221 (2008) compliant and TUV certified.

The unit comes complete with safety strap, bag hooks, mounting hardware, installation and operating instructions, and maintenance and cleaning procedures.

Key features & benefits
