50L Recycled Wall Mounted Litter Bin

Eco-friendly
cleaning

An outdoor litter bin with mounting brackets made from recycled waste.

A 50L wall or post mounted outdoor litter bin made from high-density 60% reclaimed waste polyethylene.

The bin features a wide opening for the easy insertion of waste, and is designed to prevent water ingress and waste being visible. The upper cowl top attaches to the rear support plate, and includes a cigarette stubber and can be locked using key provided. The lower bin body is equipped with an easily removed system for cleaning.

Manufactured in accordance with DIN 30713 standards with recyclable materials, the bin is resistant to frost, heat, UV radiation and chemicals, while all metal parts are zinc-plated and corrosion-resistant.

The litter bin is quick and easy to install on posts and walls, and includes two clamps.

Features & Benefits

Recycled plastic

Eco friendly

Frost & UV resistant
