

Kleenmist Safeclean Sanitiser Spray

A sanitiser spray in a 500ml can that kills 99.99% of germs on most surfaces.

Kleenmist has been proven to be 99.99% efficient in killing and inhibiting regrowth of bacteria and viruses (including enveloped viruses such as the coronavirus) on a variety of surfaces with a single coating, which is perfect for high touch points such as handles, handrails, doors, tables and desks.

It is safe to use on most surfaces, and is alcohol free, so there is no drying or irritation to the skin. It's ideal for offices, conference centres, sports clubs, educational and care facilities, vehicles and entertainment and hospitality venues such as restaurants and pubs.

It does not stain, is non-corrosive, and will give a streak and smear-free finish to most polished surfaces, including glass and stainless steel. We recommend you test the product on all surfaces before using.
